GAME DESCRIPTION

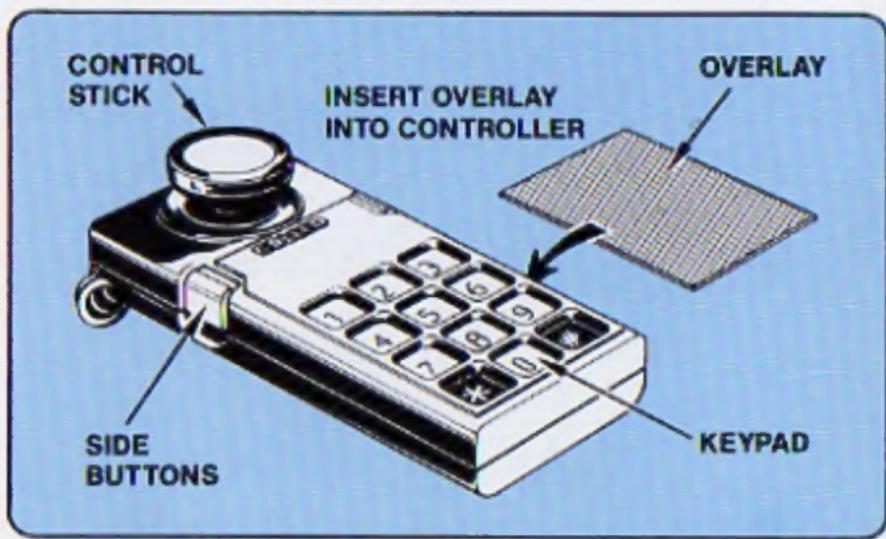

Based on the fun-filled arcade game, Exidy's **MOUSE TRAP™** for **COLECOVISION™** features a cheese-chomping mouse that you dash around a maze. Open and shut maze doors to escape the pursuing cats. Eat a bone, then turn your mouse into a cat-biting dog. But watch out for the treacherous hawk!

GETTING READY TO PLAY

- Make sure the COLECOVISION™ console is connected to TV. Make sure power supply is plugged into console. Then plug power supply into a 110/120 volt AC outlet.
- TV should be on and tuned to same channel as the Channel Select switch on the console.
- To play one-player MOUSE TRAP™, use the controller in Port 1 (the rear jack). To play two-player MOUSE TRAP™, use both controllers.
- **ALWAYS MAKE SURE COLECOVISION™ UNIT IS OFF BEFORE INSERTING OR REMOVING A CARTRIDGE.** Turn Off/On switch to On after cartridge is inserted.

USING YOUR CONTROLLERS

Before beginning to play **MOUSE TRAP™**, insert the overlay as shown above. (Store overlay in space provided in rear of your COLECOVISION™ game cartridge when not in use.)

NOTE: For a one-player game, use the controller in Port 1. For a two-player game, Player 1 uses the controller in Port 1; Player 2 uses the controller in Port 2.

1. Keypad: Keypad Buttons 1-8 allow you to select a Game Option before beginning to play. Pressing a red, yellow or blue button (1, 2 or 3) shown on the overlay opens or closes all doors of that color. Pressing the green button (5) changes your mouse into a dog. Pressing * after a game allows you to replay the same Game Option; pressing # after a game allows you to return to the Game Option screen.

2. Control Stick: Pushing the Control Stick left, right, up or down causes the mouse or dog to move in that direction.

NOTE: The Side Buttons are not used for **MOUSE TRAP™**.

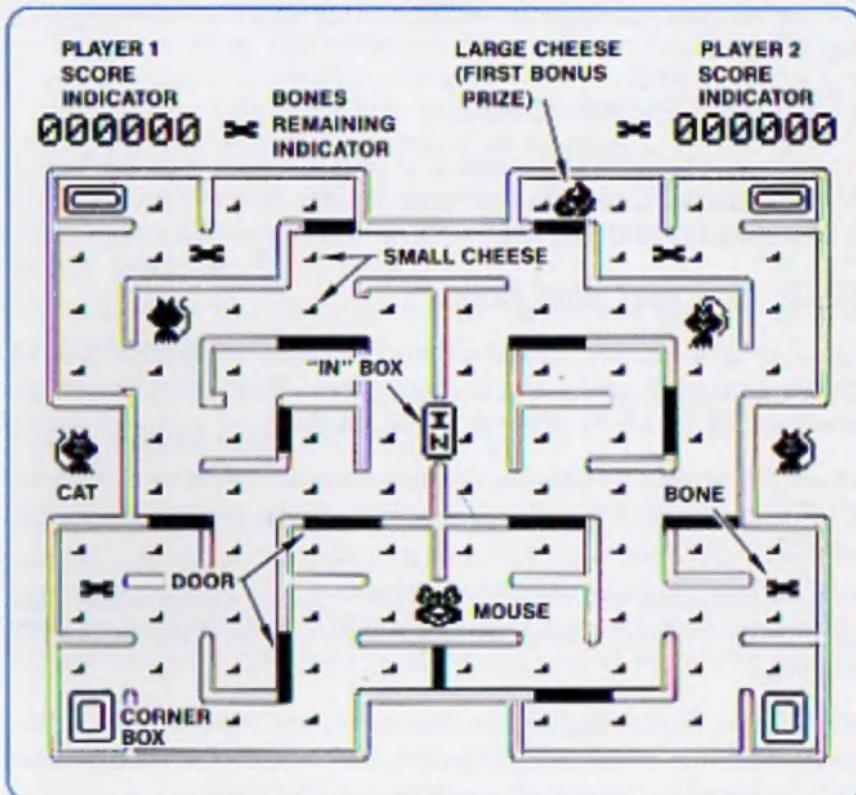

HERE'S HOW TO PLAY

STEP 1: The choice is yours.

Press the **Reset Button** and the title screen for **MOUSE TRAP™** will appear on your TV. Wait for the Game Option screen to appear. This screen contains a list of game play options. Select one by pressing the corresponding number button on either controller keypad.

STEP 2: The race is on!

After you select a Game Option, the first of your three mice appears in the maze. Move your mouse through the maze, trying to eat all the small cheeses.

STEP 3: Cat and mouse.

Watch out for the pursuing cats! Open and close maze doors to block their paths.

STEP 4: Dog gone it!

When the cats become too clever, your mouse can become a dog if it has eaten a bone (you get one bone at game start). Check the Bones Remaining Indicator. If you have a bone, press the green Dog Button (5) to turn your mouse into a cat-biting dog for a few happy moments. But be careful. Each time you press the green Dog Button (5), you use up one bone. So, eat more bones, but save them up to get your mouse out of tight spots.

NOTE: You can save as many bones as your mouse can eat, but the Bones Remaining Indicator will show a maximum of five.

STEP 5: Hawk alert!

When playing games at Skills 2, 3 and 4, beware of the hawk that flies out to catch your mouse or dog. Enter the "IN" box to escape to one of the maze corners and confuse the hawk.

STEP 6: Eat and run.

Bonus prizes appear one at a time in certain locations on the screen and earn you points when eaten. Start with the large cheese and go on to other special treats.

Eat all the small cheeses and win a bonus — then move on to another maze and even livelier action. Keep playing until you run out of mice.

Press * to replay the MOUSE TRAP™ Game Option that you have been playing. Press # to go back to the Game Option screen.

NOTE: The Reset Button on the console "clears" the computer. It can be used to start a new game at any time, and can also be used in the event of game malfunction.
